Cleanups Unlimited - Michael Pauley

Thank You for your recent clean out job you did for us. I did not know what to do with all the junk that I have accumulated over the years on my property and in my shed. Especially that heavy old safe and the old boiler you removed.

You explained to me that you would do the job for a certain price and in a certain time frame and you came through with all your promises.

Your prices were very competitive with your competitors in the area.

You also said that you would recycle all the material you could, to help the environment. I watched as you separated paper and metal in separate containers to recycle them.

I am looking forward to you and your crew coming over this summer and cleaning my basement. I have suggested your services to some of my neighbors and they will call in the near future.

I appreciate the discounts that I have received based on the referrals of new clients I have given to you in the past.

Thanks again for your services,

Leonard Champoux
